Koala Stitching Studio

Ladder Stitch

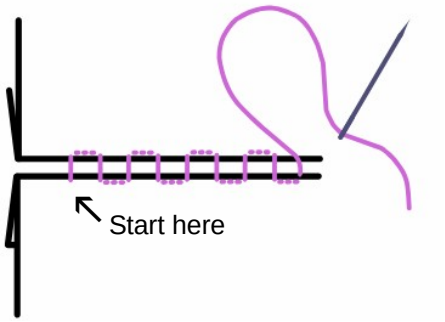

To close two folded fabric edges with stitches barely visible on the right side.

Right Handed

Left Handed

1. Thread your needle. Knot your thread as a single thread.

2. Bring your needle up through the fold in the fabric

3. Take your needle through the opposite fold

4. Pass your needle inside fold of fabric for a short distance

5. Take your needle through the fold and directly across into the opposite fold

6. Repeat from step 4 until gap is filled.

7. Gently pull thread until gap is closed

Tip: keep your stitches square to the edge to stop fabric from puckering.
